

Memorandum

Date: June 3, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

Agenda Item No. 10(A)(1)

From: Carlos A. Gimenez
Mayor

Subject: Resolution Ratifying the Action of Approving Grant Agreements to Fill Funding Gaps in Federally-Funded Homeless Programs

Recommendation

It is recommended that the Board of County Commissioners ("Board") approves the attached resolution ratifying the County Mayor or the County Mayor's designee action in executing agreements with Citrus Health Network, Inc. (\$575,000), Camillus House, Inc. (\$175,000), and the City of Miami Homeless Assistance Programs Office (\$150,000), for purposes of allocating Homeless and Domestic Violence Food and Beverage Tax proceeds to fill funding gaps created by the reduction of federal funding to local entitlement jurisdictions from the Emergency Solutions Grant (ESG); and further authorizes the County Mayor or County Mayor's designee to approve and execute any amendment, modification, renewal, cancellation, extension and termination clauses.

Scope

The impact of this resolution is countywide in nature.

Fiscal Impact/Funding Source

The ESG allocations are formula based. Only three entitlement jurisdictions receive ESG funds: Miami-Dade County, City of Miami and City of Hialeah. ESG funding was reduced by almost fifty percent (50%) in all three entitlement jurisdictions. Consequently, federal funding passed through to Citrus, Camillus and the City of Miami for their homeless programs was also reduced. The Miami-Dade County Homeless Trust Board recommended the use of Food and Beverage funds to fill some of the funding gap created by federal reductions to the programs run by Citrus, Camillus and the City of Miami. The agencies may use the allocation of food and beverage funds as part of their match obligation for their federal awards. No ad valorem tax funds are impacted.

Track Record/Monitor

Miami-Dade County through its Homeless Trust is the state-designated lead agency for the Miami-Dade County homeless continuum of care system. The persons responsible for ensuring that the County meets all required deliverables are Terrell T. Ellis, Contracts Monitor and Management Supervisor and Miguel Pimentel, Administrative Officer 1.

Background

The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) amended the McKinney-Vento Homeless Assistance Act, revising the Emergency Shelter Grants Program in significant ways and renaming it the Emergency Solutions Grants program.

Additionally, the Emergency Solutions Grant Program is a formula grant program administered by the United States Department of Housing and Urban Development. Only three of the entitlement jurisdictions in the County (Miami-Dade, City of Miami and City of Hialeah) receive ESG funds. The ESG funds may be used for five (5) program components: street outreach, emergency shelter, homeless prevention, rapid re-housing assistance, the Homeless Management Information System, as well as administrative activities. Metropolitan city and urban county recipients must match grant funds with an equal amount of cash and/or noncash contributions, which may include donated buildings, materials and volunteer services. The three entitlement jurisdictions select a sub-recipient(s) to administer their jurisdiction's ESG-funded eligible programs.

Funding for the ESG program has been impacted by federal budget cuts. Shortly before the approval of the County budget for this fiscal year, it was determined that the ESG funding for the entitlement jurisdictions for the current program year would be reduced by almost fifty percent (50%). Recognizing the potential impact of this funding reduction, the Miami-Dade County Homeless Trust recommended the allocation of up to \$900,000 in unanticipated Food and Beverage Tax carryover funds in the FY 2013-2014 Homeless Trust budget to fill these ESG funding gaps, as follows: Citrus Health Network, Inc. - \$575,000 for homeless prevention and rapid re-housing programs; Camillus House, Inc. - \$175,000 for the operations of the Beckham Hall Emergency Housing Shelter; and the City of Miami Homeless Assistance Program for outreach and placement services. The three agencies were previously selected by the entitlement jurisdictions to receive ESG funds. These recommended funding appropriations were included in the FY 2013-2014 Homeless Trust budget, approved by the County Commission in September, 2013. Agreements for services with Citrus Health Network and Camillus House, Inc. were prepared and executed by the County Mayor or County Mayor's designee in order to avoid reductions in these much-needed services. The agreement for services with the City of Miami is pending City Commission approval for execution.

Examples of services or operations requiring such licensure or certification include but are not limited to childcare, day care, nursing homes, and boarding homes.

If the Provider fails to furnish the County with the licenses or certificates required under this Section, the County shall not disburse any funds until it is provided with such licenses or certificates. Failure to provide the licenses or certificates within sixty (60) days of execution of this Agreement may result in termination of this Agreement at the County's discretion.

B. Background Screening. The Provider agrees to comply with all applicable federal, state and local laws, regulations, ordinances and resolutions regarding background screening of employees, volunteers and subcontractors. Provider's failure to comply with any applicable laws, regulations, ordinances and resolutions regarding background screening of employees, volunteers and subcontractors is grounds for a material breach and termination of this contract at the sole discretion of the County.

The Provider agrees to comply with all applicable laws (including but not limited to Chapters 39, 402, 409, 394, 408, 393, 397, 984, 985 and 435, Florida Statutes, as may be amended from time to time), regulations, ordinances and resolutions, regarding background screening of those who may work or volunteer with vulnerable persons, as defined by section 435.02, Florida Statutes, as may be amended from time to time.

In the event criminal background screening is required by law, the State of Florida and/or the County, the Provider will permit only employees and subcontractors with a satisfactory national criminal background check through an appropriate screening agency (i.e., the Florida Department of Juvenile Justice, Florida Department of Law Enforcement or Federal Bureau of Investigation) to work or volunteer in direct contact with vulnerable persons.

The Provider agrees to ensure that employees, volunteers and subcontracted personnel who work with vulnerable persons satisfactorily complete and pass Level 2 background screening before working or volunteering with vulnerable persons. Provider shall furnish the County with proof that employees, volunteers and subcontracted personnel, who work with vulnerable persons, satisfactorily passed Level 2 background screening, pursuant to Chapter 435, Florida Statutes, as may be amended from time to time.

If the Provider fails to furnish to the County proof that an employee, volunteer or subcontractor's Level 2 background screening was satisfactorily passed and completed prior to that employee or subcontractor working or volunteering with a vulnerable person or vulnerable persons, the County shall not disburse any further funds and this Contract may be subject to termination at the sole discretion of the County.

ARTICLE 9. CONFLICT OF INTEREST

A. The Provider agrees to abide by and be governed by Miami-Dade County Ordinance No. 72-82 (Conflict of Interest Ordinance codified at Section 2-11.1 et al. of the Code of Miami-Dade County), as amended, which is incorporated herein by reference as if fully set forth herein, in connection with its contract obligations hereunder.

B. No person under the employ of the County, who exercises any function or responsibilities in connection with this Contract, has at the time this Contract is entered into, or shall have during the term of this Contract, any personal financial interest, direct or indirect, in this Contract.

C. **Nepotism.** Notwithstanding the aforementioned provision, no relative of any officer, board of director, manager, or supervisor employed by the Provider shall be employed by the Provider unless the employment preceded the execution of this Contract by one (1) year. No family member of any employee may be employed by the Provider if the family member is to be employed in a direct supervisory or administrative relationship either supervisory or subordinate to the employee. The assignment of family members in the same organizational unit shall be discouraged. A conflict of interest in employment arises whenever an individual would otherwise have the responsibility to make, or participate actively in making decisions or recommendations relating to the employment status of another individual if the two individuals (herein sometimes called "related individuals") have one of the following relationships:

1. By blood or adoption: Parent, child, sibling, first cousin, uncle, aunt, nephew, or niece;
2. By marriage: Current or former spouse, brother- or sister-in-law, father- or mother-in-law, son- or daughter-in-law, step-parent, or step-child; or
3. Other relationship: A current or former relationship, occurring outside the work setting that would make it difficult for the individual with the responsibility to make a decision or recommendation to be objective, or that would create the appearance that such individual could not be objective. Examples include, but are not limited to, personal relationships and significant business relationships.

For purposes of this section, decisions or recommendations related to employment status include decisions related to hiring, salary, working conditions, working responsibilities, evaluation, promotion, and termination.

An individual, however, is not deemed to make or actively participate in making decisions or recommendations if that individual's participation is limited to routine approvals and the individual plays no role involving the exercise of any discretion in the decision-making processes. If any question arises whether an individual's participation is greater than is permitted by this paragraph, the matter shall be immediately referred to the Miami-Dade County Commission on Ethics and Public Trust.

This section applies to both full-time and part-time employees and voting members of the Provider's Board of Directors.

D. No person, including but not limited to any officer, board of directors, manager, or supervisor employed by the Provider, who is in the position of authority, and who exercises any function or responsibilities in connection with this Contract, has at the time this Contract is

entered into, or shall have during the term of this Contract, received any of the services, or direct or instruct any employee under their supervision to provide such services as described in the Contract. Notwithstanding the before mentioned provision, any officer, board of directors, manager or supervisor employed by the Provider, who is eligible to receive any of the services described herein may utilize such services if he or she can demonstrate that he or she does not have direct supervisory responsibility over the Provider's employee(s) or service program. Staff members, or their immediate family members (spouse, children, siblings, mother or father) of Homeless Trust funded programs, who are eligible for and wish to receive services from a Homeless Trust funded program must receive the approval of the Executive Director of their employer (i.e. the Provider) prior to applying for and receiving those services. This approval must be in writing and accompany any referral for such services. Any Provider knowingly accepting a referral of an employee of a Homeless Trust funded program, and providing services without the written approval of the Executive Director of the Provider, will be subject to the recoupment/disallowance by the County of any funds paid for services to this individual and/or their immediate family member. When the services are to be provided at the same agency the employee works for, this information must be disclosed in writing to the director of the Homeless Trust, which shall be reviewed for eligibility determination and a sign off must come from the County. This provision does not apply to staff members seeking emergency shelter, medical or legal services. Providers must complete a Client Services Authorization Form (**Attachment P**) for staff members seeking services.

ARTICLE 10. CIVIL RIGHTS

The Provider agrees to abide by Chapter 11A of the Code of Miami-Dade County ("County Code"), as amended, which prohibits discrimination in employment, housing and public accommodations on the basis of race, creed, religion, color, sex, familial status, marital status, sexual orientation, pregnancy, age, ancestry, national origin or handicap; Title VII of the Civil Rights Act of 1968, as amended, which prohibits discrimination in employment and public accommodation; the Age Discrimination Act of 1975, 42 U.S.C. §6101, as amended, which prohibits discrimination in employment because of age; the Rehabilitation Act of 1973, 29 U.S.C. §794, as amended, which prohibits discrimination on the basis of disability; the Americans with Disabilities Act, 42 U.S.C. §12101 et seq., which prohibits discrimination in employment and public accommodations because of disability; the Federal Transit Act, 49 U.S.C. §1612, as amended; and the Fair Housing Act, 42 U.S.C. §3601 et seq. It is expressly understood that the Provider must submit an affidavit attesting that it is not in violation of the Acts. If the Provider or any owner, subsidiary, or other firm affiliated with or related to the Provider is found by the responsible enforcement agency, the Courts or the County to be in violation of these acts, the County will conduct no further business with the Provider.

Any contract entered into based upon a false affidavit shall be voidable by the County. If the Provider violates any of the Acts during the term of any contract the Provider has with the County, such contract shall be voidable by the County, even if the Provider was not in violation at the time it submitted its affidavit.

The Provider agrees that it is in compliance with the Domestic Violence Leave, codified as § 11A-60 et seq. of the Miami-Dade County Code, which requires an employer, who in the regular course of business has fifty (50) or more employees working in Miami-Dade County for each

working day during each of twenty (20) or more calendar work weeks to provide domestic violence leave to its employees.

Failure to comply with this local law may be grounds for voiding or terminating this Contract or for commencement of debarment proceedings against Provider.

ARTICLE 11. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT:

Any person or entity that performs or assists Miami-Dade County with a function or activity involving the use or disclosure of "individually identifiable health information (IIHI)" and/or "Protected Health Information (PHI)" shall comply with the Health Insurance Portability and Accountability Act (HIPAA) of 1996 and the Miami-Dade County Privacy Standards Administrative Order. HIPAA mandates for privacy, security and electronic transfer standards, include but are not limited to:

1. Use of information only for performing services required by the contract or as required by law;
2. Use of appropriate safeguards to prevent non-permitted disclosures;
3. Reporting to Miami-Dade County of any non-permitted use or disclosure;
4. Assurances that any agents and subcontractors agree to the same restrictions and conditions that apply to the Provider and reasonable assurances that IIHI/PHI will be held confidential;
5. Making Protected Health Information (PHI) available to the customer;
6. Making PHI available to the client for review;
7. Making PHI available to Miami-Dade County for an accounting of disclosures; and
8. Making internal practices, books, and records related to PHI available to Miami-Dade County for compliance audits.

PHI shall maintain its protected status regardless of the form and method of transmission (paper records and/or electronic transfer of data). The Provider must give its clients written notice of its privacy information practices, including specifically, a description of the types of uses and disclosures that would be made with protected health information. Provider must post, and distribute upon request to service recipients, a copy of the County's Notice of Privacy Practices.

ARTICLE 12. NOTICE REQUIREMENTS

Furthermore, the Provider's agents and employees are not agents or employees of the County.

ARTICLE 14. SURVIVAL

The parties acknowledge that any of the obligations in this Contract, including but not limited to Provider's obligation to indemnify the County, will survive the term, termination, and cancellation hereof. Accordingly, the respective obligations of the Provider under this Contract, which by nature would continue beyond the termination, cancellation or expiration thereof, shall survive termination, cancellation or expiration hereof.

ARTICLE 15. BREACH OF CONTRACT: COUNTY REMEDIES

A. **Breach.** A breach by the Provider shall have occurred under this Contract if: (1) the Provider fails to provide the services outlined in the Scope of Services (**Attachment A**) within the effective term of this Contract; (2) the Provider ineffectively or improperly uses the County funds allocated under this Contract; (3) the Provider does not furnish the Certificates of Insurance required by this Contract or as determined by the County's Risk Management Division; (4) if applicable, the Provider does not furnish upon request by the County proof of licensure/certification or proof of background screening required by this Contract; (5) the Provider fails to submit, or submits incorrect or incomplete, proof of expenditures to support disbursement requests or advance funding disbursements or fails to submit or submits incomplete or incorrect detailed reports of expenditures or final expenditure reports; (6) the Provider does not submit or submits incomplete or incorrect required reports; (7) the Provider refuses to allow the County access to records or refuses to allow the County to monitor, evaluate and review the Provider's program; (8) the Provider discriminates under any of the laws outlined in Article 10 of this Contract; (9) the Provider, attempts to meet its obligations under this Contract through fraud, misrepresentation, or material misstatement; (10) the Provider fails to correct deficiencies found during a monitoring, evaluation, or review within the specified time as described and defined in its Performance Improvement Plan (PIP); (11) the Provider fails to issue prompt payments to small business subcontractors or follow dispute resolution procedures regarding a disputed payment; (12) the Provider fails to submit the Certificate of Corporate Status, Board of Directors requirement, or proof of tax status; or (13) the Provider fails to fulfill in a timely and proper manner any and all of its obligations, covenants,

Waiver of breach of any provisions of this Contract shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Contract.

In the event that the County determines certain Contract goals (as defined in the Scope of Services) are not being met then the County, in its sole discretion may place the Provider on a Performance Improvement Plan (PIP). The following is a delineation of some instances where a PIP may be required:

- a. **HMIS**- Based on Provider's past performance on prior contracts in the area of Homeless Management Information System compliance it is subject to a PIP during this contract term. The Provider is required to submit a Monthly Progress Report and an HMIS-generated Monthly Progress Report for each month of the contract. Compliance will be determined when it is deemed that the two (2) reports are in substantial conformity with each other for a period of two consecutive months. (Substantial conformity as meaning a minimum of 95% accuracy on all elements). At the time of compliance, the Provider shall only be required to submit the HMIS-generated Monthly Progress Report.

☐ **Applicable** ☒ **Not Applicable**

- b. **Utilization** – Based on Provider's past performance on prior contracts in the area of utilization compliance, this contract is subject to a PIP. During this contract term, the Provider must submit all invoices in a timely manner. The Provider shall invoice at a rate of 95% of targeted expenditures for the invoicing period. If the Provider fails to comply, all rights to payments will be forfeited if the County so chooses. - c. **Program Performance** – Based on Provider's past performance on prior contracts in the area of program goals and outcome objectives, this Contract is subject to a PIP. During this Contract term, the Provider must achieve those goals specified in the Contract. ☐ **Applicable** ☒ **Not Applicable**

The above is subject to the review and approval of the County

B. **County Remedies.** If the Provider breaches this Contract, the County may pursue any or all of the following remedies:

1. The County may terminate this Contract by giving written notice to the

If, for any reason, the Provider should attempt to meet its obligations under this Contract through fraud, misrepresentation or material misstatement, the County shall, whenever practicable terminate this Contract by giving written notice to the Provider of such termination and specifying the effective date. The County may terminate or cancel any other contracts which such individual or entity has with the County. Such individual or entity shall be responsible for all direct and indirect costs associated with such termination or cancellation, including attorney's fees. Any individual or entity who attempts to meet its contractual obligations with the County through fraud, misrepresentation, or material misstatement may be debarred from county contracting for up to five (5) years;

6. Any other remedy available at law or equity.

C. **Authorization to Terminate Contract.** The Mayor or the Mayor's designee is authorized to terminate this Contract on behalf of the County.

D. Failures or waivers to insist on strict performance of any covenant, condition, or provision of this Contract by the County shall not be deemed a waiver of any rights or remedies, nor shall it relieve the Provider from performing any subsequent obligations strictly in accordance with the term of this Contract. No waiver shall be effective unless in writing and signed by the parties. Such waiver shall be limited to provisions of this Contract specifically referred to therein and shall not be deemed a waiver of any other provision. No waiver shall constitute a continuing waiver unless the writing states otherwise.

E. **Damages Sustained.** Notwithstanding the above, the Provider shall not be relieved of liability to the County for damages sustained by the County by virtue of any breach of

the Contract, and the County may withhold any payments to the Provider until such time as the exact amount of damages due the County is determined. The Provider shall be responsible for all direct and indirect costs associated with such action, including attorney's fees.

ARTICLE 16. TERMINATION FOR CONVENIENCE

The County may terminate this Contract, in whole or part, when both parties agree that the continuation of the activities would not produce beneficial results commensurate with further expenditure of the funds. Both parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated. However, if the County determines in the case of partial termination that the reduced or modified portion of the grant will not accomplish the purposes for which the grant was made it may terminate the grant in its entirety.

The County may also, in its sole discretion, terminate the contract.

The Provider understands and acknowledges that if the County determines in its sole discretion that termination of the Contract is necessary for the healthy, safety, or welfare of the County then it may do so upon twenty-four (24) hours notice to the Provider.

If after the receipt of such final report, the County determined that the Provider has been paid funds not in compliance with the Contract, and to which it is not entitled, the Provider will be required to return such funds to the County or submit documentation demonstrating that the expenditure was in compliance with this Contract. The County shall have the sole and absolute discretion to determine if the Provider is entitled to such funds and the County's decision in this matter shall be final and binding.

B. **Monies Owed to the County:** The County reserves the right, in its sole discretion, to reduce payments to the Provider in order to recapture any monies owed to the County. In accordance with County Administrative Order No. 3-29, the Provider that is in arrears to the County is prohibited from obtaining new County contracts or extensions of contracts until such time as the arrearage has been paid in full or the County has agreed in writing to an approved payment plan.

This is a cost-based Contract in which the Provider shall be paid through reimbursement payment based on the budget approved under this Contract and when documentation of completed and satisfactory service delivery is provided. Thus, it is imperative that the Provider maintain appropriate supporting documentation for all expenditures from the beginning of the Contract term (i.e., receipts, bank statements, cancelled checks, employee timesheet, etc.).

**Citrus Health Network
SCOPE OF SERVICES**

Housing Assistance Network of Dade ("HAND")

Citrus Health Network will serve a projected 100 households (300 persons) with prevention and rapid re-housing tenant-based rent assistance and other financial assistance and support services, utilizing ESG and Homeless Trust matching funds. The program is designed to prevent homelessness and to decrease any length of stay in homeless shelters. There is a centralized intake site, in the form of a hotline that screens callers and links them to the appropriate provider in the community. As the same time, in keeping with the "no wrong door" approach, the program is also designed to be readily accessible through known service providers in the community that are conveniently located and have other supplemental services available. Therefore the application can be completed at various sites around the County.

This program is based on the data and philosophy that most homelessness is caused by poverty and lack of affordable housing. Therefore more emphasis is placed on providing housing assistance than on any other service. It is considered a "Service-Enriched Housing Model" using the "Housing First" approach, with the goal of helping the household stabilize their housing first and then addressing the secondary needs once they are housed. It is also based on the premise that a program needs to address the unique needs of individual clients. Housing is provided with coordinated access to optional services in the community. Organizations that specialize in meeting the needs of special populations are integrated into the system to ensure that supportive services are available through those other community resources.

Households can seek help more than once as long as they have not exceeded the HUD maximum assistance levels. Rent assistance is limited to Fair Market Rent. The program does not require that a tenant have an income in order to qualify, but they are required to work with their case manager in developing a plan for self-sufficiency. The tenant is incentivized to increase their income because rental assistance automatically decreases each month.

Persons must meet the minimum eligibility criteria of the HUD Emergency Solutions Grant Program as described in the program regulations set forth in 24 CFR 576. The program has very broad eligibility criteria, which is designed to meet the housing needs of various high risk groups rather than screening them out. The rental assistance levels are adjusted depending on the needs of the household. Certain groups are considered as being at higher risk of homelessness, therefore maybe provided additional levels of assistance. These groups include: persons with a disabilities and persons who are unemployed or recently homeless.

ARTICLE 8. PROOF OF LICENSURE/CERTIFICATION AND BACKGROUND SCREENING

A. Licensure. If the Provider is required by the State of Florida or Miami-Dade County or any federal, state or local law or regulation to be licensed or certified to provide the services or operate the facilities outlined in the Scope of Services (Attachment A), the Provider shall furnish to the County a copy of all required current licenses or certificates. Examples of services or operations requiring such licensure or certification include but are not limited to childcare, day care, nursing homes, and boarding homes.

B. Background Screening. The Provider agrees to comply with all applicable federal, state and local laws, regulations, ordinances and resolutions regarding background screening of employees, volunteers and subcontractors. Provider's failure to comply with any

applicable laws, regulations, ordinances and resolutions regarding background screening of employees, volunteers and subcontractors is grounds for a material breach and termination of this contract at the sole discretion of the County.

The Provider agrees to comply with all applicable laws (including but not limited to Chapters 39, 402, 409, 394, 408, 393, 397, 984, 985 and 435, Florida Statutes, as may be amended from time to time), regulations, ordinances and resolutions, regarding background screening of those who may work or volunteer with vulnerable persons, as defined by section 435.02, Florida Statutes, as may be amended from time to time.

The Provider agrees to ensure that employees, volunteers and subcontracted personnel who work with vulnerable persons satisfactorily complete and pass Level 2 background screening before working or volunteering with vulnerable persons. Provider shall furnish the County with proof that employees, volunteers and subcontracted personnel, who work with vulnerable persons, satisfactorily passed Level 2 background screening, pursuant to Chapter 435, Florida Statutes, as may be amended from time to time.

ARTICLE 9. CONFLICT OF INTEREST

A. The Provider agrees to abide by and be governed by Miami-Dade County Ordinance No. 72-82 (Conflict of Interest Ordinance codified at Section 2-11.1 et al. of the Code of Miami-Dade County), as amended, which is incorporated herein by reference as if fully set forth herein, in connection with its contract obligations hereunder.

B. No person under the employ of the County, who exercises any function or responsibilities in connection with this Contract, has at the time this Contract is entered into, or shall have during the term of this Contract, any personal financial interest, direct or indirect, in this Contract.

C. Nepotism. Notwithstanding the aforementioned provision, no relative of any officer, board of director, manager, or supervisor employed by the Provider shall be employed by the Provider unless the employment preceded the execution of this Contract by one (1) year.

No family member of any employee may be employed by the Provider if the family member is to be employed in a direct supervisory or administrative relationship either supervisory or subordinate to the employee. The assignment of family members in the same organizational unit shall be discouraged. A conflict of interest in employment arises whenever an individual would otherwise have the responsibility to make, or participate actively in making decisions or recommendations relating to the employment status of another individual if the two individuals (herein sometimes called "related individuals") have one of the following relationships:

1. By blood or adoption: Parent, child, sibling, first cousin, uncle, aunt, nephew, or niece;
2. By marriage: Current or former spouse, brother- or sister-in-law, father- or mother-in-law, son- or daughter-in-law, step-parent, or step-child; or
3. Other relationship: A current or former relationship, occurring outside the work setting that would make it difficult for the individual with the responsibility to make a decision or recommendation to be objective, or that would create the appearance that such individual could not be objective. Examples include, but are not limited to, personal relationships and significant business relationships.

For purposes of this section, decisions or recommendations related to employment status include decisions related to hiring, salary, working conditions, working responsibilities, evaluation, promotion, and termination.

An individual, however, is not deemed to make or actively participate in making decisions or recommendations if that individual's participation is limited to routine approvals and the individual plays no role involving the exercise of any discretion in the decision-making processes. If any question arises whether an individual's participation is greater than is permitted by this paragraph, the matter shall be immediately referred to the Miami-Dade County Commission on Ethics and Public Trust.

This section applies to both full-time and part-time employees and voting members of the Provider's Board of Directors.

D. No person, including but not limited to any officer, board of directors, manager, or supervisor employed by the Provider, who is in the position of authority, and who exercises any function or responsibilities in connection with this Contract, has at the time this Contract is entered into, or shall have during the term of this Contract, received any of the services, or direct or instruct any employee under their supervision to provide such services as described in the Contract. Notwithstanding the before mentioned provision, any officer, board of directors, manager or supervisor employed by the Provider, who is eligible to receive any of the services described herein may utilize such services if he or she can demonstrate that he or she does not have direct supervisory responsibility over the Provider's employee(s) or service program. Staff members, or their immediate family members (spouse, children, siblings, mother or father) of Homeless Trust funded programs, who are eligible for and wish to receive services from a Homeless Trust funded program must receive the approval of the Executive Director of their employer (i.e. the Provider) prior to applying for and receiving those services. This approval must be in writing and accompany any referral for such services. Any Provider knowingly accepting a referral of an employee of a Homeless Trust funded program, and providing services without the written approval of the Executive Director of the Provider, will be subject to

the recoupment/disallowance by the County of any funds paid for services to this individual and/or their immediate family member. When the services are to be provided at the same agency the employee works for, this information must be disclosed in writing to the director of the Homeless Trust, which shall be reviewed for eligibility determination and a sign off must come from the County. This provision does not apply to staff members seeking emergency shelter, medical or legal services. Providers must complete a Client Services Authorization Form (**Attachment P**) for staff members seeking services.

ARTICLE 10. CIVIL RIGHTS

The Provider agrees to abide by Chapter 11A of the Code of Miami-Dade County ("County Code"), as amended, which prohibits discrimination in employment, housing and public accommodations on the basis of race, creed, religion, color, sex, familial status, marital status, sexual orientation, pregnancy, age, ancestry, national origin or handicap; Title VII of the Civil Rights Act of 1968, as amended, which prohibits discrimination in employment and public accommodation; the Age Discrimination Act of 1975, 42 U.S.C. §6101, as amended, which prohibits discrimination in employment because of age; the Rehabilitation Act of 1973, 29 U.S.C. §794, as amended, which prohibits discrimination on the basis of disability; the Americans with Disabilities Act, 42 U.S.C. §12101 et seq., which prohibits discrimination in employment and public accommodations because of disability; the Federal Transit Act, 49 U.S.C. §1612, as amended; and the Fair Housing Act, 42 U.S.C. §3601 et seq. It is expressly understood that the Provider must submit an affidavit attesting that it is not in violation of the Acts. If the Provider or any owner, subsidiary, or other firm affiliated with or related to the Provider is found by the responsible enforcement agency, the Courts or the County to be in violation of these acts, the County will conduct no further business with the Provider.

Any contract entered into based upon a false affidavit shall be voidable by the County. If the Provider violates any of the Acts during the term of any contract the Provider has with the County, such contract shall be voidable by the County, even if the Provider was not in violation at the time it submitted its affidavit.

The Provider agrees that it is in compliance with the Domestic Violence Leave, codified as § 11A-60 et seq. of the Miami-Dade County Code, which requires an employer, who in the regular course of business has fifty (50) or more employees working in Miami-Dade County for each working day during each of twenty (20) or more calendar work weeks to provide domestic violence leave to its employees.

Failure to comply with this local law may be grounds for voiding or terminating this Contract or for commencement of debarment proceedings against Provider.

The Provider must give its clients written notice of its privacy information practices, including specifically, a description of the types of uses and disclosures that would be made with protected health information. Provider must post, and distribute upon request to service recipients, a copy of the County's Notice of Privacy Practices.

In the event that the County determines certain Contract goals (as defined in the Scope of Services) are not being met then the County, in its sole discretion may place the Provider on a Performance Improvement Plan (PIP). The County may also, in its sole discretion, terminate the contract.

ARTICLE 17. PAYMENT PROCEDURES

If after the receipt of such final report, the County determined that the Provider has been paid funds not in compliance with the Contract, and to which it is not entitled, the Provider will be required to return such funds to the County or submit documentation demonstrating that the expenditure was in compliance with this Contract. The County shall have the sole and absolute discretion to determine if the Provider is

entitled to such funds and the County's decision in this matter shall be final and binding.

B. **Monies Owed to the County:** The County reserves the right, in its sole discretion, to reduce payments to the Provider in order to recapture any monies owed to the County. In accordance with County Administrative Order No. 3-29, the Provider that is in arrears to the County is prohibited from obtaining new County contracts or extensions of contracts until such time as the arrearage has been paid in full or the County has agreed in writing to an approved payment plan.

This is a cost-based Contract in which the Provider shall be paid through reimbursement payment based on the budget approved under this Contract and when documentation of completed and satisfactory service delivery is provided. Thus, it is imperative that the Provider maintain appropriate supporting documentation for all expenditures from the beginning of the Contract term (i.e., receipts, bank statements, cancelled checks, employee timesheet, etc.).

Name of Department:	Miami-Dade Housing and Community Development
Activity Title:	Beckham Hall Emergency Shelter (ESG 2013)
FY 2013 Funding Amount:	\$464,470.00

1. Agency Information:

Provide a brief description of your department.

Camillus House has provided humanitarian services to the poor and homeless populations of Miami-Dade County, Florida for more than 49 years. Established by the Brothers of the Good Shepherd in 1960, Camillus House has grown steadily over the years from a small soup kitchen into a full service center offering a comprehensive continuum of care for persons who are poor and homeless. Fully integrated programs and services are provided through multiple core competency areas:

Comprehensive Healing

Institute of Social and Personal Adjustment (ISPA) (addiction, mental health, and co-occurring disorders, residential/outpatient treatment, HIV/AIDS services)

Camillus Health Concern (primary health care, oral health, social services)

Continuum of Housing

Supportive Housing (transitional and permanent housing)

Emergency Housing (90-day and overnight shelter)

Compassionate Hospitality

Direct Care Ministries (clothing, showers, emergency assistance, and case management)

Food Services (meals, food pantry, food distribution)

Career Help

Job Opportunity Bureau (GED classes, job development, industry specific on-the-job training)

Camillus House has extensive experience in developing, implementing, and managing housing and treatment services targeting the chronically homeless population. Today Camillus operates 870 beds countywide and serves more than 12,000 individuals each year. The organization's success can be attributed to many factors. Clients are served with a unique mix of faith-based compassion and leading, clinically-proven treatment modalities. Camillus' long history in the community has provided much opportunity to establish trust and rapport with the homeless population. Persons who are formerly homeless are employed at all levels, including within management and consumer groups which meet on a regular basis providing ongoing feedback and advice.

The Beckham Hall Emergency Shelter program outlined in this proposal provides services to a total of 88 homeless individuals (64 men and 24 women) at any given time.

2. Proposed Activity:

Provide a brief description of the proposed activity, including who will carry it out, how low-to-moderate income persons will be served, and the location of the activity. Include the estimated number of clients benefiting from the activity and other measurable outcomes, if applicable.

For facility improvement or construction activities, please provide a scope of work for each county-owned facility and describe the type of work to be performed (specify if it is new construction or facility improvements), the location of the site, and who the facility will serve.

The Beckham Hall Emergency Shelter will provide services to a total of 88 persons at any given time, or a total of 200 persons on an annual basis. The target population for the Beckham Hall Emergency Shelter program is single, homeless adult men and women. This coed program will have 64 beds available for men and 24 beds available for women.

While many of the clients who access emergency shelter at Beckham Hall fit the definition of chronically homeless persons, services are not designated specifically for this target population. The Beckham Hall facility is made up of dormitory style rooms and is therefore not suitable for housing families. This program can only serve single men and women.

3. Service Area/Address:

Describe the area to be served by the activity or provide the site address.

Services will take place at the Beckham Hall Emergency Shelter facility located at 2735 NW 10th Avenue, Miami, Florida 33127.

Indicate if the activity will serve or is located in a Neighborhood Revitalization Strategy Area (NRSA) and/or a Eligible Block Area (See Attachment D for maps of the NRSA's and a list of the eligible block groups).

1. Opa-locka
2. West Little River
3. ModelCity
4. Melrose

5. Eligibility and National Objective

Under the national objective that benefits low and moderate income person, activities must be categorized under one of the following: 1) Low-Mod Area Benefit; 2) Low-Mod Clientele; 3) Low-Mod Jobs; or 4) Low-Mod Housing. Please indicate which of the following applies to your activity (For assistance, see Attachment C to identify the national objective for your department's activity).

- ☐ **1. Low-Mod Area Benefit (LMA)** - Such activities must benefit all the residents of a pre-determined area, where at least 51% of the residents are very low to moderate income persons. In addition, the area must be primarily residential. In Miami-Dade County, the areas that meet the LMA criteria include the NRSAs and the Eligible Block Groups (See Attachment D for a list of these areas). Countywide activities cannot be LMA. Examples of LMA activities include: street improvements, sidewalks, park improvements, and other public improvements that are available to all residents of the pre-defined area. Such activities are required to provide a certificate of completion or a certificate of occupancy when completed. If the activity is an LMA, please identify the NRSA or Eligible Block Groups to be served in question 3 above.

- ☒ **2. Low-Mod Clientele (LMC)** - Such activities benefit a limited clientele or a specific segment of the population. Examples include shelters for abused spouses, senior centers, or services for juveniles. New construction or improvements to public facilities, such as senior centers or head start facilities are considered LMC activities. To be funded as an LMC, an activity must meet one of the criteria listed below. Please indicate which applies to your activity:

- ☒ Facility or service only benefits low-to-moderate income people/households (100% of the clients served are low-to-moderate income). This requires the agency to provide client intake forms with information on family size and income, as well as income verification documentation for 100% of the clients; or

- ☐ At least 51% of the users of the facility or service are low-to-moderate income. In order to confirm that at least 51% of the clients are low-to-moderate income, the agency must provide client intake forms with information on family size and income, as well as income verification documentation for all participants; or

- ☐ The activity is one in which HUD "presumes" that 51% of the users are lower income. HUD "presumes" that at least 51% of persons in any one or a combination of the categories listed below are low- and moderate-income (24 CFR 570.208(a) (2) (i) (A). Indicate the category that applies to your activity.

- ☐ Abused children,
- ☐ Battered spouses,
- ☐ Elderly persons (family whose head, spouse, or sole member is a person aged 62 or older),
- ☐ Severely disabled,
- ☐ Homeless persons,
- ☐ Illiterate adults,
- ☐ Persons living with AIDS,
- ☐ Migrant farm workers

ATTACHMENT A

Describe below how the program is designed to serve the presumed population listed above and the number of clients served (unduplicated).

The Beckham Hall facility is made up of dormitory style rooms and is therefore not suitable for housing families. This program can only serve single men and women most of whom come referred from Camillus' street shelter located at 726 NE 1st Avenue in downtown Miami. The program provides emergency housing.

Specific services offered include:

Independent Living Skills Training: Case Managers currently alternate providing life skills training. All clients participate in a formal life skills training program during their first week in the program and at various intervals throughout.

Vocational Training / Employment Placement / Services: Case managers provide job readiness training and skills development services. Linkages are established with Miami Dade County Public Schools, Transitions, Inc., and other community resources to assist with vocational development and employment placement as needed. The Job Opportunity Bureau, which serves the clients of Beckham Hall, provides various vocational training tracks that assist the clients with developing both employability skills and job specific training. The Clinical Case Manager conducts psychological, educational, social, and vocational assessments for each client as part of a comprehensive approach in helping individuals identify potential career paths and developing personal goals.

Educational Services: Referrals are made to various agencies based on individual client need.

Emergency and Non-Emergency Medical Services: Camillus Health Concern currently keeps five (5) standing appointments per week for Beckham Hall clients. Additional referrals for appropriate services are made based on individual client needs.

Permanent Housing Placement Assistance: The Housing Case Manager focuses specifically on the provision of these services for each client, upon completion of the program.

Job Retention and Income Enhancement Services: Case Managers work with clients as needed to include these services in their individual care plans.

Persons with HIV/AIDS are able to receive housing through Beckham Hall as long as they are able to meet Beckham Hall's eligibility criteria. Additional case management services are available to help individuals access all the benefits and services they need. Camillus House provides referrals to local providers of Ryan White case management as necessary through the Camillus Health Concern.

- **3. Low-Mod Housing (LMH)**—Such activities include the construction or rehabilitation of permanent residential structures which will be or are occupied by low-to-moderate income households. Agencies must: 1) screen households for family size and income eligibility; 2) provide records on the total cost of the activity, including CDBG and non-CDBG funds; 3) maintain a written agreement indicating that the total number of dwelling units will be occupied by low and moderate income households after the assistance is provided; 4) for rental housing, maintain records on rent charged for each dwelling unit; 5) for multifamily buildings (3 or more units), it must be demonstrated that at least 51% of the units will be occupied by low-to-moderate-income households. At this time, the County is not funding the new construction of homeownership units.

- ☐ 4. Low-Mod Jobs (LMJ) - All Economic Development activities must create or retain permanent jobs for low-to-moderate income persons, as defined by US HUD. (Jobs are to be counted on a full-time-equivalent basis.) At least 51% of the jobs created or "retained" as a result of the CDBG assistance must be either filled by or "available to" low and moderate income individuals. Jobs may be "Available to" a low-moderate income person, if the job does not require special skills or additional education or, the business agrees to hire someone and train them for the job. In addition, low and moderate income individuals must get first consideration for filling the job. Agencies will be required to collect "Job Creation Forms" from each person hired, with information on income and family size. They will also be required to collect household income verification documentation.

Hello Terrell,

As you know, the Trust allocated \$175K to Beckham Hall for calendar year 2013 operations to cover the funding gap created by recent HUD cuts to ESG. The table below shows how the Beckham program has been funded this year.

Miami-Dade PHCD (ESG 2013)	464,470
Miami-Dade PHCD (ESG 2011)	100,862
Miami-Dade Homeless Trust	175,000

Total:

740,332

We have prepared and submitted most of the invoices drawing down the PHCD funding and are preparing to do the same with the Trust portion of the funding. We have an established system with PHCD which includes the following:

- Monthly Progress Report
- Detailed summary sheet of expenses (Payment request form)
- Copies of time sheets; cancelled checks; and receipts for all expenses

The attached pdf shows samples of the first two documents I listed. Can you please tell us if we can submit for payment to the Trust using the same format?

I. WELCOME AND INTRODUCTIONS

Rabbi Schiff called the meeting to order at 9:48 a.m., welcomed everyone and proceeded to consider the meeting agenda. Mr. Vincent introduced Lisa Magrino, who has assumed the position of COO at Chapman Partnership.

II. APPROVAL OF MINUTES

Rabbi Schiff inquired if there were any questions, comments or changes to the June 25th Joint Executive and Finance Committee and the July 1st Executive Committee minutes; not hearing any Judge Leifman made a motion to approve both of the meeting minutes. Ms. Ryland seconded the motion. All members present approved the motion set forth unanimously.

III. ECONOMIC INDICATOR REPORT

Mr. Deville referred members and guests to the Food & Beverage Collection and Distribution Report and provided a brief synopsis of the report. The Food & Beverage Tax collection decreased in August by -9.92% as compared to August, 2012. The year-to-date figure represents an increase of 4.6%, representing \$15,425,731 in collections. Mr. Deville stated there is only one month left in the fiscal year, and in order to reach the projected revenue collection of \$16.9 million provided by the Budget Office, the Tax would have to experience a 28% increase over the September, 2012 collection, which is not likely to happen (never has before). This will affect the department's previous unencumbered carryover, which was projected to be \$2.6 for this year, and can consequently affect the gaps and services funded with the carryover. The final September tax collection will determine the amount of any decrease. An inquiry has been made to the Tax Collector's office as to potential reason for the decrease. Ms. Fernandez reminded members and guests that, except for \$800,000, all the unencumbered carryover was expended in the budget; adjustments will need to be made to the budget, accordingly, should revenues come in lower than budgeted. This means that the \$800,000 carryover balance could be expended. The Tax Equalization Reserve balance will remain intact for now. During a brief discussion among members, it was suggested it might be good to have the Food & Beverage Tax collection compared to other taxes (such as the hotel tax), and for the Office of Management & Budget to readjust next year's projections. Mr. Deville reminded members that overall there is still an increase over last year's tax revenue.

Mr. Deville then continued to review the remainder of the report, which includes the National, State, and local unemployment rates; and the frequency, duration, and utilization of the Helpline calls.

IV. 3rd QUARTER FINANCIAL REPORT

(Mr. Book joined the meeting at 10 a.m., took over the chairman duties, and Ms. Fernandez summarized the discussion prior to his arrival) Mr. Deville referred members and guests to the memo and report provided in the meeting packet detailing the department's financial status during the third quarter beginning April 1, 2013 through June 30, 2013. There is a total of \$10.7 million in revenue and \$9.4 million in expenses. Mr. Deville

then reviewed the spreadsheet that reflects the approved budget amount, the third quarter figures, the year-to-date balances, and the percent expended. It was noted that the meter program reflects a negative amount because 100% of the donations collected was applied toward the 44 family bed unit at Chapman Partnership. The expenses have occurred as expected. Third Quarter figures (revenue less expenses) total \$1.3 million and year-to-date expenses are \$10.5 million. Ms. Fernandez added that \$30,739 of the donation meter revenue has been applied toward the 44 family bed units as of the third-quarter. Ms. Fernandez explained the adjustments necessary due to the decreased tax collection. In response to the Committee's inquiries, Mr. Deville stated that the End of Year balance of Fund 150 Sub-Fund 150, the Capital Replacement Reserve and Tax Equalization Reserve funds respectively is approximately \$7 million. Mr. Book commented that any reference to a \$13 million surplus by anyone is a gross misstatement of the facts.

V. PROPOSED ADJUSTMENTS TO FY2012-13 AND FY2013-14

Ms. Fernandez referred members and guests to the memo and attachments provided in the meeting packet and briefly explained the budget process, specifically when it involves changes and adjustments. Due to the early commencement of the budget process, the Board approved the Operation and Capital Budget for FY 2013-14 on July 1, 2013 with several proposed changes. Subsequent to this approval additional changes had to be addressed, which included US HUD's grant adjustments (Planning Grant and HMIS Plus), the ESG reduction and the allocation of Food Beverage carryover dollars for that funding gap, and Hotel-Motel additional funding request.

(a) ESG Allocation/Distribution

Ms. Fernandez provided a detailed explanation of prior the budget funding allocation and recommended funding adjustments made concerning the ESG (Emergency Solutions Grant) with intermittent questions and clarifications. As members may recall, \$900,000 from the unencumbered carryover was recommended and approved to address the ESG funding reductions to the three (3) entitlement jurisdictions (City of Miami, Hialeah, and the County), which impact current homeless prevention and rapid re-housing program, the Miami Homeless Assistance Program (MHAP Outreach), and the Beckham Hall Emergency Shelter. The allocation approved by the Board was \$175,000 for homeless prevention, \$475,000 for rapid re-housing (slightly more than the anticipated gap), \$100,000 for Beckham Hall, and \$150,000 for MHAP Outreach (leaving a gap of less than \$23,000). Ms. Fernandez referred committee members and guests to Attachment A and reviewed the funding shifts. The main concern is any potential loss of beds at Beckham Hall. The revised allocation would transfer \$75,000 to Beckham Hall. The County's Public Housing and Community Development has identified prior year unexpended ESG funds that will provide some of the gap funding. In the coming year, the number of beds at Beckham Hall will be reduced through attrition. The adjusted funding allocation will result in \$879,592,000 in funding for the ESG project gaps, leaving an unallocated amount of \$20,048 which was being recommended for the Hotel/Motel Program. It was noted that, but for this funding, the City of Miami Homeless Program would lose seven to eight staff members; this would still leave a gap in funding. **Rabbi Schiff made a motion to approve staff recommendations as presented and outlined in the memo. Judge Leifman seconded the motion.** There was a lengthy discussion regarding adjustments and options. Ms. Fernandez clarified questions concerning adjustments and options, except those under a Cone of Silence related to an ongoing County procurement process. The motion was amended so that the allocation of funds be conditional on the commitment of the remaining \$22,493 gap from the City of Miami and that the \$20,048 in hotel/motel funds come from the Food & Beverage Tax. All member's present approved the motion set forth with the proposed amendment unanimously.

(b) Planning Grant

Ms. Fernandez reminded members that the Continuum of Care was recently awarded a Planning Grant to assist the Continuum with its objectives (primarily to enhance coordination efforts, improve survey data collection and census, technical assistance for Homeless Youth Count, procurement of hardware and software upgrade, evaluate and upgrade our standards of care and performance measures). Ms. Fernandez then explained the recommendations in detail that included the following:

1. Request Letters of Interest for needed consulting work and training needed that cannot be performed through the current technical assistance provider, not to exceed \$10,000

2. (Mr. Book disclosed that the University of Miami is a client of his in Tallahassee, Florida and recused himself) Enter into an agreement with the University of Miami to provide an evaluation and analysis of the Youth Count process and data (already engaged through the Miami Coalition for Homeless)
3. Develop a preliminary agreement with 100,000 Homes for the implementation of their concept in our community and authority to negotiate the agreement.

Rabbi Schiff made a motion to approve staff recommendations as presented and outlined in the memo. Judge Leifman Schiff seconded the motion. There was a brief discussion regarding the technical assistance role and the 100,000 Homes model. Ms. Fernandez responded to concerns and questions and reminded members that this strategy is in line with US HUD's goal of ending chronic homelessness by 2015. All members present approved the motion set forth unanimously.

(c) Hotel/Motel

Ms. Fernandez provided a detailed explanation of prior funding allocations and recommended funding shifts. There was an allocation of \$150,000 to the MHAP Hotel/Motel Program during the current fiscal year with a remaining balance of \$14,952. With this change, a total of \$650,000 for hotel/motel has been funded by the Homeless Trust. As noted in Attachment B, following a need and use analysis, an additional \$180,048 is needed to end the fiscal year (total gap \$195,000). The City of Miami Office of Community and Economic Development has identified prior year unexpended funds to fill some of the gap and has prepared an agenda item for their October Commission meeting. As noted in Attachment C, unexpended MOU and ID program funds can be used to cover \$60,000 of the gap (\$40,000 and \$20,000 respectively). The \$20,048 balance had been recommended to be provided from funds previously identified for ESG match for Rapid Re-housing and homeless prevention. The remaining \$100,000 requires a City Commission approval. Judge Leifman made a motion to approve the adjustments as presented and outlined, however to reverse the adjustment of \$20,048 from Rapid Rehousing for the ESG gap and take that amount from Reserve instead of Rapid Re-housing (in addition of the \$150,000 for the City of Miami Hotel/Motel Program previously allocated). In response to the discussion today, Mr. Torres made several comments and clarifications regarding the present staffing and operation of the Miami Homeless Assistance Program. All members present approved the motion set forth unanimously.

VI. RESULTS: HOMELESS CENSUS AUGUST 29, 2013 AND YOUTH COUNT

Mr. Book made several comments and thanked Ms. Ibarra and the staff of the Miami Coalition for the Homeless for work in the Youth I-Count and everyone else involved. Ms. Fernandez referred members and guests to the memo and attachments provided in the meeting packet and provided a description of the methodology and synopsis of the Homeless Count & Youth I-Count that took place August 29th through August 30th. Overall there were 848 people counted out on the street, this is an overall reduction of 46 people as compared to last summer. The City of Miami and South Dade numbers were up and the numbers in North Dade and Miami Beach decreased. The total number of sheltered homeless people is 3,103, representing an increase of 334 people. The combined total is 3,951 representing an overall increase of 288 people. The increase appears to be attributed to the expansion of emergency beds and the increased number of families in hotels from 16 last year to 146 this year. Ms. Fernandez responded to questions regarding the identification of the chronically homeless that likely suffer from substance abuse, mental illness, and/or co-occurring disorders, and how long people have been out on the street. Staff is developing new approaches to address the chronically homeless population and data collection methods, including an expansion of the registry discussed later in the agenda. Mr. Book stated there was recent poll where six (6) questions were asked of an unrepresentative sample of 1,700 people. Within those questions, there was a misleading push-question that asked: if they would support a plan to get people off the street if the subjects knew that there has been an 83% increase of homeless people in the last four (4) years on the street. Mr. Book stated that he was offended by this attempt (by an unknown group) to distort the facts.

VII. CHAPMAN PARTNERSHIP OPERATIONS AGREEMENT RENEWAL

Ms. Fernandez referred members and guests to the memo and attachment provided in the meeting packet and provided a brief background of the initial agreement and the subsequent renewal terms and prior renewals in 1998 and in 2003 where there was an amendment acknowledging that the construction of a third facility was

no longer required. In 2003, the County exercised its renewal option and approved two (2) five-year renewal periods, which expire in December of 2013. In addition to Chapman Partnership meeting all performance requirements, Chapman has been an integral part in the provision of service to the community. Judge Leifman made a motion to approve staff recommendations as presented and outlined in the memo (to approve the remaining two (2) five-year extensions). Rabbi Schiff seconded the motion. Mr. Book made several remarks of the experience with Chapman and the valuable service provided to the community made possible with their partnership, and thanked them. All members present approved the motion unanimously. Judge Leifman commented that Chapman Partnership's quality of service and competence is unparalleled, truly remarkable.

VIII. STATE AND FEDERAL LEGISLATIVE PRIORITIES

Ms. Fernandez referred members and guests to the memo and attachment provided in the meeting packet and provided a synopsis of the County's annual requirement to submit to the Office of Legislative Affairs a proposal for State and Federal Legislative and appropriations requests by and through the County's lobbying team. Attached are this year's priorities, which includes items of keen interest, such as the Crisis Outplacement Beds of the Jail Diversion Program; the re-implementation of the Gap Program, and Coalition funding. Mr. Book stated there are some pending appropriation issues that need to be discussed with Kelly Mallette and Jess McCarthy prior to submission. Judge Leifman made a motion to approve the Legislative Request Package. Rabbi Schiff seconded the motion. Mr. Book requested a caveat to the motion that the final approval and submission take place after Representatives Jack Latvala and Kathleen Peters are contacted. All members present approved the motion with the caveat.

IX. TAX CREDIT PROGRAM CERTIFICATION PROCESS

Ms. Fernandez referred members and guests to the memo and attachments provided in the meeting materials and provided background as to the past project certification process, particularly with tax credit projects. Staff has drafted a form to establish a more formal certification process in anticipation of the Florida Housing Finance Corporation's competitive process. The Housing and Services Committee will discuss the form and the process at their upcoming meeting on September 20. In addition to the form, the established process of presenting the project to both the Housing Committee and Services Development Committee (to describe the project) and the requirements set forth in the certification will continue. This item is for information purposes only; the final recommendation will be presented to the board. Judge Leifman made a motion to approve staff recommendations as presented and outlined in the memo. Rabbi Schiff seconded the motion. All members present approved the motion set forth unanimously.

X. REVIEW OF NOFA PRIORITIES

Ms. Fernandez referred members and guests to the memo provided in the meeting packet and provided background as to the National Alliance to End Homelessness recommendations and the US HUD goals and policy drivers that set the path to ending homelessness. It was clear that early implementation by local communities of these concepts would enhance competitive status and prepare for future endeavors. Approaches include, but are not limited to the following:

- Creation of new permanent housing (preferably housing first models) through reallocation, including reallocating low performing programs or those that do meeting the Federal Strategic Plan goals
- Review of prioritization process for permanent supportive housing placements
- Barrier removal for the chronically homeless into any level of housing

Ms. Fernandez reviewed the program drivers which include six (6) Performance Measures (listed) and the seven (7) Objectives (many already required) established by HUD which will also be expected of recipients. The primary focus will be objective #1: to create new permanent housing for chronically homeless persons. Ms. Fernandez then referred committee members and guests to the attached matrix where there are concepts and recommendations to achieve this goal. Ms. Fernandez reviewed The "Objective 1" Matrix, which was

AGENDA ITEM 11

discussed by committee members. Partners and guests in the audience also provided comments. The discussion included the following:

- Development and use of a Vulnerability Index
- Development of one wait list through a housing specialist
- Making referrals exclusively through HMIS; elimination of self-referrals
- Requirement that all permanent supportive housing programs that do not already do, set aside units for chronically homeless through attrition (emphasis added) (will be discussed further at the September 20th Services Development meeting)

Ms. Fernandez stated that HUD's perspective is to not provide or accomplish all needs at the emergency housing level, it is to build capacity and maximize within existing resources. This includes transitioning people that are capable out of subsidized housing, such as families whose children have become adults with income. Judge Leifman made a motion to approve staff recommendations as presented and outlined in the memo and matrix. Ms. Ryland seconded the motion. All members present approved the motion set forth unanimously.

Memorandum

Date: September 16, 2013

To: Miami-Dade County Homeless Trust Finance Committee and Executive Committee Members

From: *Hilda M. Fernandez*
Hilda M. Fernandez, Executive Director
Miami-Dade County Homeless Trust

Subject: Proposed Adjustments to FY 2012/13 and FY 2013/14 Budgets

BACKGROUND

By February of each year, the Homeless Trust is required to submit a proposed budget for the next fiscal year. On March 4, 2013, the Finance and Audit Committee reviewed the budget submitted by staff to the County's Office of Management and Budget for the next fiscal year. Because it was so early in the current Fiscal Year, and our annual Needs and Gaps analysis process had yet to be completed, it was understood that modifications to that initial submission would be likely. Our submission was adjustment by actions taken on March 4th, and incorporated in the Preliminary Budget for the County released by the County Mayor in June.

On July 1, 2013, the Miami-Dade County Homeless Trust Board approved the proposed FY 2013/14 Budget for the Miami-Dade County Homeless Trust. This proposed budget included, among other things, changes to address new funding, and well as the uses of carryover funds. Following Board approval, the information on the changes was subsequently submitted to the OMB, and those changes were included in the "Change Memo" for the County's Budget Hearings; the Change Memo reflects any changes to budgets after the release of the budget in early June.

Subsequent to the approval of the FY 2013/14 MDHT budget and submission of the Change Memo information, we received a request for additional funding for the Hotel/Motel program. In addition, USHUD announced funding for additional Tier 2 projects, including our Planning Grant. We also had an opportunity to review current ESG allocations with two of the entitlement jurisdictions to understand their funding, so that we could clarify how much in F & B Tax funds were needed to fill gaps.

ANALYSIS

The following modifications to the overall budget, or uses within budget line items, are recommended:

USHUD Grant adjustments:

1. Remove revenues/expenditures for two direct grants: It had been anticipated that two direct grantees would be included as sub-recipient projects. As such, their grant funding (\$515,000) would pass through the Homeless Trust. However, at this time the two projects will remain as direct grants. As such, both the revenue and expenditures have been removed from the Grant line item.
2. Add new funding from new grants: USHUD announced Tier 2 awards for HMIS Plus (\$15,000) and our Planning Grant (\$250,000). As such, these two amounts need to be added to both grant revenues and expenditures.
3. Other adjustments: A positive \$146,000 adjustment is necessary after receipt of final grant agreements and determination of final grant amounts.

The net effect of the grant funding reflected in the budget for USHUD is -\$119,000 in both revenues and expenditures. As we are a pass-through, this has no effect on our operations.

ESG Allocation – Food and Beverage

As you may recall, we recommended the use of \$900,000 in F&B unencumbered/unanticipated carryover funding to offset USHUD-announced reductions to the three entitlement jurisdictions that receive ESG funds. These reductions impact current homeless prevention and rapid re-housing programs, as well as the City of Miami's Homeless Assistance Program (outreach), and Bickham Hall Emergency Housing/Shelter. The Board approved an allocation of funding that included \$475,000.

housing; \$100,000 for Beckham Hall; and \$150,000 for MHAP Outreach. Subsequent to the Board approval, we had a conference call with all entitlement jurisdictions to discuss their proposed allocations in order to determine if the Trust's proposed funding met identified gaps. At that time it was determined that the F&B funding identified for homeless prevention and Rapid Re-housing was slightly more than the anticipated gaps. However, the \$100,000 allocated for Beckham would result in a loss of beds, and the funding to MHAP did not make them 100% whole; the gap is less than \$23,000.

The biggest concern is Beckham Hall. Following the call, staff reviewed the F&B allocations to each category and is recommending slightly shifting the approved funding to make additional funds available for Beckham Hall. Please refer to **Attachment A** for a breakdown by entitlement jurisdiction of the funding allocations from the entitlement jurisdictions for FY 13/14, the difference between FY 12/13 and FY 13/14 in ESG funding, the proposed, new Homeless Trust funding for each program, and whether that funding is more or less than the gap. As proposed, there would be a shift of \$75,000 from Rapid Re-housing to Beckham Hall. While the funding to Beckham Hall does not make them whole, the County's Public Housing and Community Development Department has identified prior-year unexpended ESG funds that will fill some of the gap to close their grant year (which expires December 31, 2013). We are waiting to hear exactly how much funding they will be allocating, but we believe it is approximately \$110,000. We are recommending no changes to the MHAP funding for their outreach program. These revised allocations would result in a total of \$879,592,000 in funding for the ESG project gaps, leaving \$20,048 unallocated. It is recommended that those unallocated funds be allocated to the MHAP for the Hotel/Motel program, as further explained below. It should be noted that based on ESG funding from the County for the next program year (January – December 2014), Beckham Hall's capacity is likely to be reduced from 88 beds to approximately 50-55 beds.

Hotel/Motel program

We continue to have challenges with our Hotel/Motel program, with use volumes now consistently higher. As you may recall, during the current fiscal year, it was necessary to allocate an additional \$150,000 to the Hotel/Motel program administered by the Miami Homeless Assistance Program. Earlier this month, we received an analysis from MHAP of their current expenditures and their projected funding needed to finish the fiscal year. As noted in the attached (**Attachment B**), a total of approximately \$180,000 more is expected to be needed close out the fiscal year. Subsequent to the receipt of this email, the City's Community and Economic Development identified prior year unexpended funds that they can allocate for this purpose and are preparing an agenda item for their October Commission meeting. **Attachment C** provides you with information on the Funding to MHAP year-to-date, their anticipated expenditures, and the proposed funding to meet the funding needs for this fiscal year. As noted, under-expenditures in the MOA and ID program agreements with MHAP could be used to cover \$60,000 of the gap (\$40,000 and \$20,000 respectively). The MOU program already includes a line-item for hotel/motel. We would be shifting the under-expenditures all to that line, and using the funds to serve individuals other than those coming through MOA. The use of the \$20,000 from the ID program requires an amendment, if approved. The \$20,048 balance would come from the funds previously identified for ESG match for RRH/HP, as explained in the previous paragraph.

Planning Grant

As you may recall, our Continuum of Care applied for and was recently awarded a Planning Grant to assist us in meeting our objectives for the Continuum of Care. As you can see in the attached Planning Grant budget, the funding will allow us to, among other things, enhance our coordination efforts through improved surveys and counts, purchase software to assist us in managing our contracts, secure consultants to assist us with the homeless youth count, provide training, and develop/evaluate our standards of care and performance measures. This will also offset a portion of the costs for the previously approved administrative support staff. At this time, we would like approval for the following:

- 1) Issue a Request for Letters of Interest for any consulting work that is needed, and that cannot be performed through an additional agreement with our current technical assistance provider. It is anticipated that no single consulting agreement would exceed \$10,000. This would include assistance with training, as well as project evaluation.

- 2) Enter into an agreement with the University of Miami to provide the evaluation and analysis of the Youth Count process and data. The University has been engaged in the process through the Miami Coalition for the Homeless
- 3) Develop a preliminary agreement with 100,000 Homes for the implementation of the 100,000 Homes concept in our community

We will be proceeding with the procurement of the hardware and software using the standard county procurement processes, and working with our existing HMIS provider for the customization requirements.

CONCLUSION:

While we attempt to identify all potential revenues and expenditures at the time of budget development, due to changes in needs or new funding allocated or reduced, it is necessary to make adjustments. The recommended actions are intended to ensure continued services, and access to new funding to improve the current system of care.

the recoupment/disallowance by the County of any funds paid for services to this individual and/or their immediate family member. When the services are to be provided at the same agency the employee works for, this information must be disclosed in writing to the director of the Homeless Trust, which shall be reviewed for eligibility determination and a sign off must come from the County. This provision does not apply to staff members seeking emergency shelter, medical or legal services. I. WELCOME AND INTRODUCTIONS

Rabbi Schiff called the meeting to order at 9:48 a.m., welcomed everyone and proceeded to consider the meeting agenda. Mr. Vincent introduced Lisa Magrino, who has assumed the position of COO at Chapman Partnership.

II. APPROVAL OF MINUTES

Rabbi Schiff inquired if there were any questions, comments or changes to the June 25th Joint Executive and Finance Committee and the July 1st Executive Committee minutes; not hearing any. **Judge Leifman made a motion to approve both of the meeting minutes. Ms. Ryland seconded the motion. All members present approved the motion set forth unanimously.**

III. ECONOMIC INDICATOR REPORT

Mr. Deville referred members and guests to the Food & Beverage Collection and Distribution Report and provided a brief synopsis of the report. The Food & Beverage Tax collection decreased in August by -9.92% as compared to August, 2012. The year-to-date figure represents an increase of 4.6%, representing \$15,425,731 in collections. Mr. Deville stated there is only one month left in the fiscal year, and in order to reach the projected revenue collection of \$16.9 million provided by the Budget Office, the Tax would have to experience a 28% increase over the September, 2012 collection, which is not likely to happen (never has before). This will affect the department's previous unencumbered carryover, which was projected to be \$2.6 for this year, and can consequently affect the gaps and services funded with the carryover. The final September tax collection will determine the amount of any decrease. An inquiry has been made to the Tax Collector's office as to potential reason for the decrease. Ms. Fernandez reminded members and guests that, except for \$800,000, all the unencumbered carryover was expended in the budget; adjustments will need to be made to the budget, accordingly, should revenues come in lower than budgeted. This means that the \$800,000 carryover balance could be expended. The Tax Equalization Reserve balance will remain intact for now. During a brief discussion among members, it was suggested it might be good to have the Food & Beverage Tax collection compared to other taxes (such as the hotel tax), and for the Office of Management & Budget to readjust next year's projections. Mr. Deville reminded members that overall there is still an increase over last year's tax revenue.

Mr. Deville then continued to review the remainder of the report, which includes the National, State, and local unemployment rates; and the frequency, duration, and utilization of the Helpline calls.

IV. 3rd QUARTER FINANCIAL REPORT

(Mr. Book joined the meeting at 10 a.m., took over the chairman duties, and Ms. Fernandez summarized the discussion prior to his arrival) Mr. Deville referred members and guests to the memo and report provided in the meeting packet detailing the department's financial status during the third quarter beginning April 1, 2013 through June 30, 2013. There is a total of \$10.7 million in revenue and \$9.4 million in expenses. Mr. Deville

then reviewed the spreadsheet that reflects the approved budget amount, the third quarter figures, the year-to-date balances, and the percent expended. It was noted that the meter program reflects a negative amount because 100% of the donations collected was applied toward the 44 family bed unit at Chapman Partnership. The expenses have occurred as expected. Third Quarter figures (revenue less expenses) total \$1.3 million and year-to-date expenses are \$10.5 million. Ms. Fernandez added that \$30,739 of the donation meter revenue has been applied toward the 44 family bed units as of the third quarter. Ms. Fernandez explained the adjustments necessary due to the decreased tax collection. In response to the Committee's inquiries, Mr. Deville stated that the End of Year balance of Fund 150 Sub-Fund 150, the Capital Replacement Reserve and Tax Equalization Reserve funds respectively is approximately \$7 million. Mr. Book commented that any reference to a \$13 million surplus by anyone is a gross misstatement of the facts.

V. PROPOSED ADJUSTMENTS TO FY2012-13 AND FY2013-14

Ms. Fernandez referred members and guests to the memo and attachments provided in the meeting packet and briefly explained the budget process, specifically when it involves changes and adjustments. Due to the early commencement of the budget process, the Board approved the Operation and Capital Budget for FY 2013-14 on July 1, 2013 with several proposed changes. Subsequent to this approval additional changes had to be addressed, which included US HUD's grant adjustments (Planning Grant and HMIS Plus), the ESG reduction and the allocation of Food Beverage carryover dollars for that funding gap, and Hotel-Motel additional funding request.

(a) ESG Allocation/Distribution

Ms. Fernandez provided a detailed explanation of prior the budget funding allocation and recommended funding adjustments made concerning the ESG (Emergency Solutions Grant) with intermittent questions and clarifications. As members may recall, \$900,000 from the unencumbered carryover was recommended and approved to address the ESG funding reductions to the three (3) entitlement jurisdictions (City of Miami, Hialeah, and the County), which impact current homeless prevention and rapid re-housing program, the Miami Homeless Assistance Program (MHAP Outreach), and the Beckham Hall Emergency Shelter. The allocation approved by the Board was \$175,000 for homeless prevention, \$475,000 for rapid re-housing (slightly more than the anticipated gap), \$100,000 for Beckham Hall, and \$150,000 for MHAP Outreach (leaving a gap of less than \$23,000). Ms. Fernandez referred committee members and guests to Attachment A and reviewed the funding shifts. The main concern is any potential loss of beds at Beckham Hall. The revised allocation would transfer \$75,000 to Beckham Hall. The County's Public Housing and Community Development has identified prior year unexpended ESG funds that will provide some of the gap funding. In the coming year, the number of beds at Beckham Hall will be reduced through attrition. The adjusted funding allocation will result in \$879,592,000 in funding for the ESG project gaps, leaving an unallocated amount of \$20,048 which was being recommended for the Hotel/Motel Program. It was noted that, but for this funding, the City of Miami Homeless Program would lose seven to eight staff members; this would still leave a gap in funding. **Rabbi Schiff made a motion to approve staff recommendations as presented and outlined in the memo. Judge Leifman seconded the motion.** There was a lengthy discussion regarding adjustments and options. Ms. Fernandez clarified questions concerning adjustments and options, except those under a Cone of Silence related to an ongoing County procurement process. The motion was amended so that the allocation of funds be conditional on the commitment of the remaining \$22,493 gap from the City of Miami and that the \$20,048 in hotel/motel funds come from the Food & Beverage Tax. **All members present approved the motion set forth with the proposed amendment unanimously.**

(b) Planning Grant

Ms. Fernandez reminded members that the Continuum of Care was recently awarded a Planning Grant to assist the Continuum with its objectives (primarily to enhance coordination efforts, improve survey data collection and census, technical assistance for Homeless Youth Count, procurement of hardware and software upgrade, evaluate and upgrade our standards of care and performance measures). Ms. Fernandez then explained the recommendations in detail that included the following:

1. Request Letters of Interest for needed consulting work and training needed that cannot be performed through the current technical assistance provider, not to exceed \$10,000

2. (Mr. Book disclosed that the University of Miami is a client of his in Tallahassee, Florida and recused himself) Enter into an agreement with the University of Miami to provide an evaluation and analysis of the Youth Count process and data (already engaged through the Miami Coalition for Homeless)
3. Develop a preliminary agreement with 100,000 Homes for the implementation of their concept in our community and authority to negotiate the agreement.

Rabbi Schiff made a motion to approve staff recommendations as presented and outlined in the memo. Judge Leifman Schiff seconded the motion. There was a brief discussion regarding the technical assistance role and the 100,000 Homes model. Ms. Fernandez responded to concerns and questions and reminded members that this strategy is in line with US HUD's goal of ending chronic homelessness by 2015. **All members present approved the motion set forth unanimously.**

(c) Hotel/Motel

Ms. Fernandez provided a detailed explanation of prior funding allocations and recommended funding shifts. There was an allocation of \$150,000 to the MHAP Hotel/Motel Program during the current fiscal year with a remaining balance of \$14,952. With this change, a total of \$650,000 for hotel/motel has been funded by the Homeless Trust. As noted in Attachment B, following a need and use analysis, an additional \$180,048 is needed to end the fiscal year (total gap \$195,000). The City of Miami Office of Community and Economic Development has identified prior year unexpended funds to fill some of the gap and has prepared an agenda item for their October Commission meeting. As noted in Attachment C, unexpended MOU and ID program funds can be used to cover \$60,000 of the gap (\$40,000 and \$20,000 respectively). The \$20,048 balance had been recommended to be provided from funds previously identified for ESG match for Rapid Re-housing and homeless prevention. The remaining \$100,000 requires a City Commission approval. **Judge Leifman made a motion to approve the adjustments as presented and outlined, however to reverse the adjustment of \$20,048 from Rapid Rehousing for the ESG gap and take that amount the from Reserve instead of Rapid Re-housing (in addition of the \$150,000 for the City of Miami Hotel/Motel Program previously allocated).** In response to the discussion today, Mr. Torres made several comments and clarifications regarding the present staffing and operation of the Miami Homeless Assistance Program. **All members present approved the motion set forth unanimously.**

VI. RESULTS: HOMELESS CENSUS AUGUST 29, 2013 AND YOUTH COUNT

Mr. Book made several comments and thanked Ms. Ibarra and the staff of the Miami Coalition for the Homeless for work in the Youth I-Count and everyone else involved. Ms. Fernandez referred members and guests to the memo and attachments provided in the meeting packet and provided a description of the methodology and synopsis of the Homeless Count & Youth I-Count that took place August 29th through August 30th. Overall there were 848 people counted out on the street, this is an overall reduction of 46 people as compared to last summer. The City of Miami and South Dade numbers were up and the numbers in North Dade and Miami Beach decreased. The total number of sheltered homeless people is 3,103, representing an increase of 334 people. The combined total is 3,951 representing an overall increase of 288 people. The increase appears to be attributed to the expansion of emergency beds and the increased number of families in hotels from 16 last year to 146 this year. Ms. Fernandez responded to questions regarding the identification of the chronically homeless that likely suffer from substance abuse, mental illness, and/or co-occurring disorders, and how long people have been out on the street. Staff is developing new approaches to address the chronically homeless population and data collection methods, including an expansion of the registry discussed later in the agenda. Mr. Book stated there was recent poll where six (6) questions were asked of an unrepresentative sample of 1,700 people. Within those questions, there was a misleading push-question that asked: if they would support a plan to get people off the street if the subjects knew that there has been an 83% increase of homeless people in the last four (4) years on the street. Mr. Book stated that he was offended by this attempt (by an unknown group) to distort the facts.

VII. CHAPMAN PARTNERSHIP OPERATIONS AGREEMENT RENEWAL

Ms. Fernandez referred members and guests to the memo and attachment provided in the meeting packet and provided a brief background of the initial agreement and the subsequent renewal terms and prior renewals in 1998 and in 2003 where there was an amendment acknowledging that the construction of a third facility was

no longer required. In 2003, the County exercised its renewal option and approved two (2) five-year renewal periods, which expire in December of 2013. In addition to Chapman Partnership meeting all performance requirements, Chapman has been an integral part in the provision of service to the community. **Judge Leifman made a motion to approve staff recommendations as presented and outlined in the memo (to approve the remaining two (2) five-year extensions). Rabbi Schiff seconded the motion.** Mr. Book made several remarks of the experience with Chapman and the valuable service provided to the community made possible with their partnership, and thanked them. **All members present approved the motion unanimously.** Judge Leifman commented that Chapman Partnership's quality of service and competence is unparalleled, truly remarkable.

VIII. STATE AND FEDERAL LEGISLATIVE PRIORITIES

Ms. Fernandez referred members and guests to the memo and attachment provided in the meeting packet and provided a synopsis of the County's annual requirement to submit to the Office of Legislative Affairs a proposal for State and Federal Legislative and appropriations requests by and through the County's lobbying team. Attached are this year's priorities, which includes items of keen interest, such as the Crisis Outplacement Beds of the Jail Diversion Program; the re-implementation of the Gap Program, and Coalition funding. Mr. Book stated there are some pending appropriation issues that need to be discussed with Kelly Mallette and Jess McCarthy prior to submission. **Judge Leifman made a motion to approve the Legislative Request Package. Rabbi Schiff seconded the motion.** Mr. Book requested a caveat to the motion that the final approval and submission take place after Representatives Jack Latvala and Kathleen Peters are contacted. **All members present approved the motion with the caveat.**

IX. TAX CREDIT PROGRAM CERTIFICATION PROCESS

Ms. Fernandez referred members and guests to the memo and attachments provided in the meeting materials and provided background as to the past project certification process, particularly with tax credit projects. Staff has drafted a form to establish a more formal certification process in anticipation of the Florida Housing Finance Corporation's competitive process. The Housing and Services Committee will discuss the form and the process at their upcoming meeting on September 20. In addition to the form, the established process of presenting the project to both the Housing Committee and Services Development Committee (to describe the project) and the requirements set forth in the certification will continue. This item is for information purposes only; the final recommendation will be presented to the board. **Judge Leifman made a motion to approve staff recommendations as presented and outlined in the memo. Rabbi Schiff seconded the motion. All members present approved the motion set forth unanimously.**

X. REVIEW OF NOFA PRIORITIES

Ms. Fernandez referred members and guests to the memo provided in the meeting packet and provided background as to the National Alliance to End Homelessness recommendations and the US HUD goals and policy drivers that set the path to ending homelessness. It was clear that early implementation by local communities of these concepts would enhance competitive status and prepare for future endeavors. Approaches include, but are not limited to the following:

- Creation of new permanent housing (preferably housing first models) through reallocation, including reallocating low performing programs or those that do meeting the Federal Strategic Plan goals
- Review of prioritization process for permanent supportive housing placements
- Barrier removal for the chronically homeless into any level of housing

Ms. Fernandez reviewed the program drivers which include six (6) Performance Measures (listed) and the seven (7) Objectives (many already required) established by HUD which will also be expected of recipients. The primary focus will be objective #1: to create new permanent housing for chronically homeless persons. Ms. Fernandez then referred committee members and guests to the attached matrix where there are concepts and recommendations to achieve this goal. Ms. Fernandez reviewed The "Objective 1" Matrix, which was

discussed by committee members. Partners and guests in the audience also provided comments. The discussion included the following:

- Development and use of a Vulnerability Index
- Development of one wait list through a housing specialist
- Making referrals exclusively through HMIS; elimination of self-referrals
- Requirement that all permanent supportive housing programs that do not already do, set aside units for chronically homeless through attrition (emphasis added) (will be discussed further at the September 20th Services Development meeting)

Ms. Fernandez stated that HUD's perspective is to not provide or accomplish all needs at the emergency housing level, it is to build capacity and maximize within existing resources. This includes transitioning people that are capable out of subsidized housing, such as families whose children have become adults with income. **Judge Leifman made a motion to approve staff recommendations as presented and outlined in the memo and matrix. Ms. Ryland seconded the motion. All members present approved the motion set forth unanimously.**

XI. CITY OF MIAMI ISSUES-DISCUSSION

Ronald L. Book, Chairman
Homeless Trust Board

Memorandum

Date: September 16, 2013

To: Miami-Dade County Homeless Trust Finance Committee and Executive Committee Members

From: *Hilda M. Fernandez*
Hilda M. Fernandez, Executive Director
Miami-Dade County Homeless Trust

Subject: Proposed Adjustments to FY 2012/13 and FY 2013/14 Budgets

BACKGROUND

By February of each year, the Homeless Trust is required to submit a proposed budget for the next fiscal year. On March 4, 2013, the Finance and Audit Committee reviewed the budget submitted by staff to the County's Office of Management and Budget for the next fiscal year. Because it was so early in the current Fiscal Year, and our annual Needs and Gaps analysis process had yet to be completed, it was understood that modifications to that initial submission would be likely. Our submission was adjustment by actions taken on March 4th, and incorporated in the Preliminary Budget for the County released by the County Mayor in June.

On July 1, 2013, the Miami-Dade County Homeless Trust Board approved the proposed FY 2013/14 Budget for the Miami-Dade County Homeless Trust. This proposed budget included, among other things, changes to address new funding, and well as the uses of carryover funds. Following Board approval, the information on the changes was subsequently submitted to the OMB, and those changes were included in the "Change Memo" for the County's Budget Hearings; the Change Memo reflects any changes to budgets after the release of the budget in early June.

Subsequent to the approval of the FY 2013/14 MDHT budget and submission of the Change Memo information, we received a request for additional funding for the Hotel/Motel program. In addition, USHUD announced funding for additional Tier 2 projects, including our Planning Grant. We also had an opportunity to review current ESG allocations with two of the entitlement jurisdictions to understand their funding, so that we could clarify how much in F & B Tax funds were needed to fill gaps.

ANALYSIS

The following modifications to the overall budget, or uses within budget line items, are recommended:

USHUD Grant adjustments:

1. Remove revenues/expenditures for two direct grants: It had been anticipated that two direct grantees would be included as sub-recipient projects. As such, their grant funding (\$515,000) would pass through the Homeless Trust. However, at this time the two projects will remain as direct grants. As such, both the revenue and expenditures have been removed from the Grant line item.
2. Add new funding from new grants: USHUD announced Tier 2 awards for HMIS Plus (\$15,000) and our Planning Grant (\$250,000). As such, these two amounts need to be added to both grant revenues and expenditures.
3. Other adjustments: A positive \$146,000 adjustment is necessary after receipt of final grant agreements and determination of final grant amounts.

The net effect of the grant funding reflected in the budget for USHUD is -\$119,000 in both revenues and expenditures. As we are a pass-through, this has no effect on our operations.

ESG Allocation – Food and Beverage

As you may recall, we recommended the use of \$900,000 in F&B unencumbered/unanticipated carryover funding to offset USHUD-announced reductions to the three entitlement jurisdictions that receive ESG funds. These reductions impact current homeless prevention and rapid re-housing programs, as well as the City of Miami's Homeless Assistance Program (outreach), and Beckham Hall Emergency Housing/Shelter. The Board approved an allocation of funding that included \$175,000 for homeless prevention; \$475,000 for Rapid Re-

housing; \$100,000 for Beckham Hall; and \$150,000 for MHAP Outreach. Subsequent to the Board approval, we had a conference call with all entitlement jurisdictions to discuss their proposed allocations in order to determine if the Trust's proposed funding met identified gaps. At that time it was determined that the F&B funding identified for homeless prevention and Rapid Re-housing was slightly more than the anticipated gaps. However, the \$100,000 allocated for Beckham would result in a loss of beds, and the funding to MHAP did not make them 100% whole; the gap is less than \$23,000.

The biggest concern is Beckham Hall. Following the call, staff reviewed the F&B allocations to each category and is recommending slightly shifting the approved funding to make additional funds available for Beckham Hall. Please refer to **Attachment A** for a breakdown by entitlement jurisdiction of the funding allocations from the entitlement jurisdictions for FY 13/14, the difference between FY 12/13 and FY 13/14 in ESG funding, the proposed, new Homeless Trust funding for each program, and whether that funding is more or less than the gap. As proposed, there would be a shift of \$75,000 from Rapid Re-housing to Beckham Hall. While the funding to Beckham Hall does not make them whole, the County's Public Housing and Community Development Department has identified prior-year unexpended ESG funds that will fill some of the gap to close their grant year (which expires December 31, 2013). We are waiting to hear exactly how much funding they will be allocating, but we believe it is approximately \$110,000. We are recommending no changes to the MHAP funding for their outreach program. These revised allocations would result in a total of \$879,592,000 in funding for the ESG project gaps, leaving \$20,048 unallocated. It is recommended that those unallocated funds be allocated to the MHAP for the Hotel/Motel program, as further explained below. It should be noted that based on ESG funding from the County for the next program year (January – December 2014), Beckham Hall's capacity is likely to be reduced from 88 beds to approximately 50-55 beds.

Hotel/Motel program

We continue to have challenges with our Hotel/Motel program, with use volumes now consistently higher. As you may recall, during the current fiscal year, it was necessary to allocate an additional \$150,000 to the Hotel/Motel program administered by the Miami Homeless Assistance Program. Earlier this month, we received an analysis from MHAP of their current expenditures and their projected funding needed to finish the fiscal year. As noted in the attached (**Attachment B**), a total of approximately \$180,000 more is expected to be needed close out the fiscal year. Subsequent to the receipt of this email, the City's Community and Economic Development identified prior year unexpended funds that they can allocate for this purpose and are preparing an agenda item for their October Commission meeting. **Attachment C** provides you with information on the Funding to MHAP year-to-date, their anticipated expenditures, and the proposed funding to meet the funding needs for this fiscal year. As noted, under-expenditures in the MOA and ID program agreements with MHAP could be used to cover \$60,000 of the gap (\$40,000 and \$20,000 respectively). The MOU program already includes a line-item for hotel/motel. We would be shifting the under-expenditures all to that line, and using the funds to serve individuals other than those coming through MOA. The use of the \$20,000 from the ID program requires an amendment, if approved. The \$20,048 balance would come from the funds previously identified for ESG match for RRH/HP, as explained in the previous paragraph.

Planning Grant

As you may recall, our Continuum of Care applied for and was recently awarded a Planning Grant to assist us in meeting our objectives for the Continuum of Care. As you can see in the attached Planning Grant budget, the funding will allow us to, among other things, enhance our coordination efforts through improved surveys and counts, purchase software to assist us in managing our contracts, secure consultants to assist us with the homeless youth count, provide training, and develop/evaluate our standards of care and performance measures. This will also offset a portion of the costs for the previously approved administrative support staff. At this time, we would like approval for the following:

- 1) Issue a Request for Letters of Interest for any consulting work that is needed, and that cannot be performed through an additional agreement with our current technical assistance provider. It is anticipated that no single consulting agreement would exceed \$10,000. This would include assistance with training, as well as project evaluation.

- 2) Enter into an agreement with the University of Miami to provide the evaluation and analysis of the Youth Count process and data. The University has been engaged in the process through the Miami Coalition for the Homeless
- 3) Develop a preliminary agreement with 100,000 Homes for the implementation of the 100,000 Homes concept in our community

We will be proceeding with the procurement of the hardware and software using the standard county procurement processes, and working with our existing HMIS provider for the customization requirements.

CONCLUSION:

While we attempt to identify all potential revenues and expenditures at the time of budget development, due to changes in needs or new funding allocated or reduced, it is necessary to make adjustments. The recommended actions are intended to ensure continued services, and access to new funding to improve the current system of care.

HOMELESS

Background

Miami-Dade County has one of the highest homeless rates in the State of Florida. According to the Shimberg Center for Affordable Housing², Miami-Dade County is second statewide to Hillsborough County in the number of homeless individuals residing in the County; Hillsborough has 14 percent of the State's homeless population residing within its jurisdiction and Miami-Dade has 10 percent. With respect to homeless families with children, Miami-Dade County has a significantly smaller population (ranked 8th in the State) with five percent, compared to Hillsborough's rate of 20 percent.

According to homeless enumerations conducted in July 2007, approximately 36 percent of the County's homeless population is located within the City of Miami. The high concentration of homelessness in the City can be attributed to the following factors:

- Three of the five major shelters in the County are located in the City; one of the two remaining is located across the street from the City limits.
- Jackson Memorial Hospital (the public hospital that serves the homeless and indigent) is located in the City of Miami.
- The County's major correctional facility is within the City and releases arrestees from throughout the County into the City of Miami.
- Approximately 60 percent of treatment facilities are located in the City of Miami.

Other factors that attribute to the high homeless numbers and make Miami unique are the continual flow of immigrants and the warm weather conditions throughout the winter months.

AGENCIES SERVING THE HOMELESS

Miami-Dade Homeless Trust

The Miami-Dade Homeless Trust (Homeless Trust) is a County organization that serves as the link between the five local entitlement jurisdictions, including the City of Miami, and multiple systems of care that also represent various sub-populations impacted by homelessness. The Homeless Trust was created in 1993 by the Board of County Commissioners. One of its missions is to implement the community's Continuum of Care Plan, the Miami-Dade County Community Homeless Plan. This plan delineates a comprehensive strategy for the delivery and coordination of homeless housing and services for the entire County, including all its municipalities and jurisdictions. It is comprised of: temporary care (emergency housing), primary care (transitional housing) with extensive case management services, and advance care (permanent) supportive housing.

The City of Miami's pro rata share of McKinney funds, as well as those of the other four entitlement jurisdictions, are pooled into the Homeless Trust's annual application for funds under HUD's SuperNOFA. The Homeless Trust serves to reduce duplication of efforts and resources, and ensures coordination between the entitlement jurisdictions, multiple funders and providers of services to special needs populations. The Board of the Homeless Trust sets policy on funding priorities and strategies utilizing input from key stakeholders. These priorities, as well as the gaps and needs analysis, are utilized by these other major funders, and incorporated on an annual basis into entitlement jurisdictions' Consolidated Action Plans and the local county-wide Social Services Master Plan.

Miami Homeless Assistance Program (MHAP)

MHAP is a City of Miami office that is a key component in a County-wide Continuum of Care System. It should be noted that, as part of the Continuum of Care agreement, the City of Miami does not operate any homeless facilities. These services are provided by the County. However, since a significant number of the homeless population resides within city limits, the City of Miami provides outreach services to homeless individuals and families through MHAP. It is worthy to note that since MHAP's inception, the program has placed 49,250 individuals and families into the Continuum of Care.

The Mission of MHAP is to provide outreach, assessment, placement, information, referral and transportation services to homeless individuals and families in a caring and professional manner and to employ and train formerly homeless men and women. MHAP's goals are to:

- Identify, and engage homeless individuals and to place them into appropriate housing.
- Facilitate employability skills, a work history and instill life management responsibilities to our formerly homeless employees, thereby strengthening their ties to the community.
- Significantly reduce the number of homeless individuals and families in the City of Miami.

CITY OF MIAMI HOMELESS POPULATION CHARACTERISTICS

Miami's homeless population is as diverse as its residents. Those facing homelessness have two main commonalities—they experience dismal poverty and they are unable to access safe and affordable housing. The following is a brief description of the City's homeless population based on data collected of the homeless served by the City of Miami Homeless Program in 2007-2008:

CURRENT HOMELESS ENUMERATIONS

Miami-Dade County

The Continuum of Care Gaps Analyses is the method used for quantifying the housing needs of homeless persons by local governments, including Miami-Dade County. According to the Miami-Dade Continuum of Care, Miami-Dade County has a total of 4,392 homeless persons: 3,163 homeless individuals and 347 homeless families with children (1,229 people).³ It is important to note that MHAP estimates that 36 percent of the county's homeless population resides within the City of Miami.

City of Miami

Despite the high number of homeless individuals in the County, it is worthy to note that in recent years the City of Miami has demonstrated a continuous decline of the homeless population. According to the last census performed by MHAP on January 29, 2008, the homeless population has continue decreasing in recent years with the most current count showing the City's homeless population within its Neighborhood Enhancement Team (NET) boundaries areas at 383 homeless individuals. This is a 54

percent reduction of the homeless street population in the City of Miami since the last Consolidated Plan was updated in 2004. Furthermore, in July of 2007, the U.S. Department of Housing and Urban Development recognized the City of Miami as a leader in nationwide effort to end homelessness.

HOMELESS NEEDS GAP ANALYSIS

The existing inventory of shelter facilities for the homeless in the City of Miami includes emergency shelters, transitional housing and permanent housing for both homeless individuals and families. As indicated earlier, however, the homeless shelter facilities located within the City of Miami are not managed or operated by the City. The Miami-Dade Homeless Trust is responsible for funding and overseeing the operation of these facilities. Under the Continuum of Care Agreement, the City is responsible for providing outreach services to the homeless.

The Continuum of Care plan divides the demand for beds between homeless single adults and persons in families with children, and the supply of beds among emergency shelters, transitional housing facilities, and permanent housing facilities for each of these populations. The following table summarizes the needs of these two groups as they relate to supply.

Homeless Program Activities

Through the Miami Homeless Assistance Program, the Department of Community Development will continue its efforts in the prevention of homelessness. As indicated previously, the assistance is limited to outreach services, mainly in the form of referrals to social services, including behavioral, mental, health, and supportive housing. The following provides a brief description of the various activities and strategies that the City of Miami will undertake in the next year in order to further reduce homelessness in the City.

DISCHARGE POLICY

The new requirement of the McKinney-Vento Act (42 USC 11362) is to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons.

The Process for Developing a Continuum of Care Strategy:

The lead entity for the City of Miami Continuum of Care is the City of Miami Office of Homeless Programs. The City of Miami Office of Homeless Programs provides staff time and support services to convene planning meetings, coordinate communication to all homeless assistance partners, and coordinate the scope of services in our application submission under the ESG application HUD.

The City of Miami Continuum of Care continues to enhance a communication and planning structure that is coordinated, inclusive, and integrated. The City is an active member in the Continuum of Care Master Plan designed across the County.

Discharge Planning

The intended Discharge Policy will embody the public institutions discharge policies. The group consists of State and County Corrections and Human Services staff, shelter and homeless street outreach personnel, community hospital social service staff and homeless advocates. Our initial goals for this group are threefold:

1. Develop a mutual understanding of current practices related to the discharge of persons with no known address.
2. Develop a system of data collection that would give us an accurate picture of the number of people in Miami-Dade County who are homeless directly upon discharge from a public institution.
3. Create collaborative relationships between the public institutions and our housing placement and homeless services providers aimed at preventing people from becoming homeless upon discharge (including post-placement support services/aftercare to ensure that people entering housing in the community following discharge from public institutions can maintain their housing).

Critical elements of our discharge plan include:

1. Development of the plan in partnership with the other metro-area Continuum of Cares.
2. Early and collaborative planning between the institutions and community providers to ensure that persons being discharged from public institutions have housing and supportive services whenever needed to prevent homelessness.
